Best Practices

All scans or photos of supporting documents must be legible and include all pages and sections, unless otherwise specified.

Proof of Payment

All invoices are required to have proof of payment, such as a paid stamp, with a payment date by the invoicing business or organization.

Receipts, wire transfers or cashed checks with corresponding bank statements and a payment date may be used to supplement proof of payment.

Larger Construction Projects

For larger construction projects, work and associated costs pertaining to the EV charger project should be specifically listed and identified on all invoices.

Authorities Having Jurisdiction (AHJs)

AHJ applicants may alternatively submit other documents in lieu of the following:

REQUIRED	ALTERNATIVE
DESIGN INVOICE	AHJs with in-house design work may alternatively submit a description of design work on official AHJ letterhead supplemented by an invoice or other accounting document(s) clearly showing incurred design costs and the dates the costs were incurred. The installation site address must be listed.
PERMIT	A letter on official AHJ letterhead explaining the AHJ is a self-permitting agency and that a permit for the approved EV charger project at the installation site is not required. The installation site address must be listed.
INSTALLATION PURCHASE INVOICE	AHJs with in-house installation may alternatively submit a description of the installation work on official AHJ letterhead supplemented by an invoice or other accounting document(s) clearly showing incurred installation costs and the dates costs were incurred. The installation site address must be listed.
FINAL INSPECTION CARD	A letter on official AHJ letterhead explaining the AHJ is a self-permitting agency and that the approved EV charger project at the installation site is complete and in compliance with all municipal laws, rules, codes and regulations. The installation site address must be listed.

Site Verification Form

(Required for all applicants, regardless of site ownership)

- ✓ A completed Site Verification Form must have all fields filled out.
- ✓ Digital signatures must be manual and can include signing with a pen or cursor. Digital signature stamps without a manual signature are not accepted.
- ✓ Site Verification Form must be submitted within five (5) calendar days of application submittal or the application will be automatically cancelled.

Sonoma Coast Site Verification Form

CSE-CALeVIP-042020

Sonoma Coast incentive Project Applicants must submit proof to the satisfaction of the Center for Sustainable Energy (CSE) that the installation work is authorized by the owner of the real property (Property Owner) and the Applicant. Accordingly, each Property Owner and Applicant must complete, sign and submit this form to CSE. CSE reserves the right to require the submission of additional information from either the Property Owner or Applicant as may be required.

The Sonoma Coast Incentive Project promotes easy access to zero-emission vehicle Infrastructure by offering rebates for the purchase and installation of eligible DC fast chargers and Level 2 chargers. Rebates of up to \$80,000 per DC fast charger and up to \$7,500 per connector for Level 2 chargers are available. More information is available at: calevip.org/incentive-project/sonoma-coast

All fields are required to be completed. This form must be submitted via the online portal within 5 calendar days of application date or your application will be cancelled.
INSTALLATION ADDRESS
The Installation address must match the Installation address entered on the online application form. Discrepancies will delay your application during processing.
Installation Street Address:
City: State: ZIP Code:
APPLICANT ORGANIZATION
The Applicant Organization is the entity or organization that will receive the rebate payment. Please note that the Applicant Organization must incur project costs to be eligible for the rebate. The Applicant Organization Name below must match the Applicant Organization Name you entered on the online application form.
Applicant Organization Name: Please provide the following contact information for an individual that represents the Applicant Organization and can answer follow up
application questions if needed.
Contact Name (first and last name):
Phone: Email:
Applicant Organization hereby represents and warrants to CSE that: (1) all the information provided above is true and correct, and (2) the individual signing below is duly authorized by Applicant Organization to execute and submit this Site Verification Form to CSE on behalf of Applicant Organization acknowledges and agrees that CSE is relying on Applicant Organization's foregoing certifications in reviewing and appreciation.

*Desired Electric Rate Schedule *Desired Gas Rate Schedule
If you want additional information on rate options or want to request a free rate analysis, visit
in you want administration from the opinions of want to request a new rate rate analysis, visit. http://www.pge.com/mybusiness/myaccount/rafes/ or call 1-877-PGE-SRVC. If a rate schedule is not selected, PG&E will select an applicable rate schedule.
Applicant Design and Installation Options
As an applicant for new gas or electric service, you can choose either PG&E or a qualified contractor to design new gas/electric distribution and/or service facilities. You can also choose either PG&E or a qualified contractor to construct all or a portion of new gas/electric distribution and/or service facilities. PG&E will provide you with a bit for the design and the onstruction work, to assist you in making a selection. You will then have the opportunity to choose either a qualified contractor to perform the design/or construction work.
In accordance with PG&E's filed tariffs, electric trenching, conduits, substructures and gas service trenching are the applicant's responsibility. Once you make a decision about who will perform the work, if you subsequently change your selection, you will be responsible for any re-engineering charges incurred as a result of that change.
You should become familiar with the applicant design installation requirements, including PG&E's Applicant Design Guide and General Terms and Conditions, before you make your selection. For copies of these documents and/or for additional information, visit Document, Preliminary Statement Part A www.pge.com/newconstruction/processguide/step 1/appdes.shtml or request information by calling 1-877-PGE-SRVC.
PG&E must provide project specific information to design contractors. PG&E can provide this information sooner if we know whether or not you are considering using a design contractor to design gas/electric distribution or service facilities.
Providing this information on this Application is voluntary and is not binding. PG&E will provide you with a bid for the design work regardless of whether or not you answer this question now and will not require a final decision from you until later in the process.
Are you currently planning to use a design contractor? Yes No

APPLICATION FOR SERVICE COMMERICAL / INDUSTRIAL DEVELOPMENT

Attachment - 2 copies required

- A. Complete set of site improvement plans, including grading plans. (Include 3 ½" high-density disk with AutoCAD 2000i.dwg file of the site plan.)
- B. Building floor plan and exterior elevations.
- C. Electric drawings and schedules with complete breakdown of equipment; include single line drawing if available.
- D. Electric switchboard drawings. (Must be approved by PG&E prior to manufacturing the main panel.)
- E. Plumbing plans.
- F. Assessors parcel map showing all easements, rights-of-way, property lines, etc.
- G. Detailed site plan showing roads, sidewalk, driveways, location of fire hydrants and other structures, proposed location of gas and electric meters, building elevations, and proposed future improvements. (Meter locations are subject to PG&E approval).
- H. Landscaping plans including sprinkler controller meter location.
- I. Streetlight and traffic signal plans.
- J. Title 24 Utility Report or building permit.
- K. Copies of all environmental permits and/or conditions of approval.

Applicant is responsible for identifying all environmental requirements within said permits, approvals and/or conditions. For additional information visit www.pge.com/mybusiness/customerservice/otherrequests/newconstruction.

Agreement to Pay and Signature

I understand that service will be engineered and installed based upon the information provided here. I agree to pay PG&E, on demand, for all work PG&E performs and all costs PG&E incurs for this application for service. PG&E may cancel this Application for Service (a) if the application is incomplete and I do not provide all necessary supporting documents and project data after being notified by PG&E, (b) if I fall to provide an engineering advance within ninety days after one is requested by PG&E, or (c) if PG&E sends a proposed contract and I do not return the contract, with the required payment, within ninety days. If the project is postponed or cancelled, by either party, I will pay PG&E for all such work and costs incurred by PG&E prior to the postponement or cancellation. PG&E's costs may include, for example, labor, material and supplies, (including long lead time materials), transportation, and other direct costs which PG&E allocates to such work. Incomplete information or any changes made at my request during the engineering, or after it is completed, will subject me to additional charges and may delay the establishment of service. I further agree to pay for any damage to new or existing PG&E facilities caused by my contractors or me. Service shall be subject to all of PG&E's applicable tariff sockules on file with and authorized by the California Public Utilities commission (CPUC) and shall at all times be subject to such changes or modifications as the CPUC may direct from time to time in the exercise of its jurisdiction.

I understand that PG&E may require an engineering advance to cover some or all of its costs for project review, design work and cost development in connection with this application for service. I understand that any advance will be based upon current costs and the amount of work anticipated by PG&E based upon the information submitted in this application. I understand that any advance will be credited against the amount I owe, applied to the amount I may owe on the resulting line extension agreement, or refunded to me without interest when PG&E has completed its engineering work or if the project has been cancelled or postponed.

I have read the above information. I understand and agree with the provisions and my responsibilities.

Signed Application Form

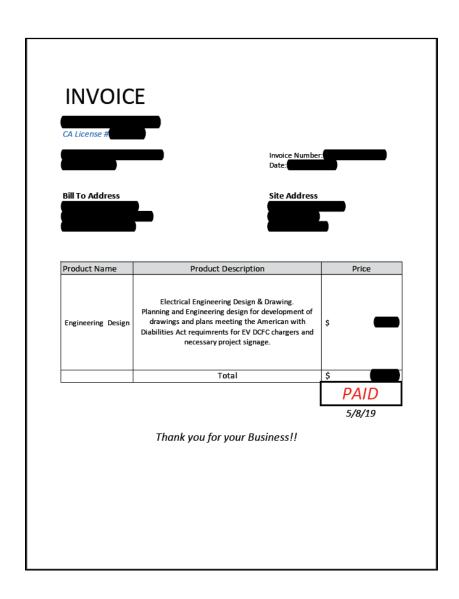

- ✓ A completed Application Form must have all fields filled out.
- ✓ Only the single signature page is required.
- ✓ Digital signatures must be manual and can include signing with a pen or cursor. Digital signature stamps without a manual signature are not accepted.

Design Invoice

A completed copy of the paid design invoice includes the following:

- ✓ Installation site address
- ✓ Purchaser name
- ✓ Description of design and engineering work
- ✓ Required signatures, if applicable
- ✓ An itemization of eligible costs, and if applicable, all credits, discounts and incentives received
- ✓ Proof of payment with a payment date (see <u>Best Practices</u>)

Permit

An issued permit includes the following:

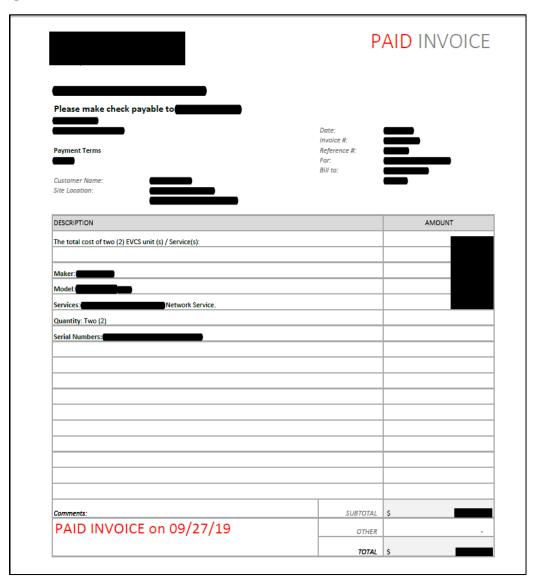

- ✓ Installation site address
- ✓ Project description (e.g., EV charger installation)
- ✓ Issued date and/or status, if applicable
- ✓ All required signatures, if applicable
