

Fast Charge California Project 1 (FCCP-1)

July 8 – September 30, 2025

Comparison of the FCCP and the GSPP

Did you participate in the **Golden State Priority Project** (GSPP)? Are you curious how the **Fast Charge California Project** (FCCP) compares? Read on to understand the two projects.

The FCCP is the latest incentive project offered under the CALeVIP 2.0 block grant and has many similarities with the GSPP. However, given the FCCP’s greater focus on site readiness and rapid deployment, there are several significant differences summarized in the table below. For more in-depth information, review the **FCCP-1 Implementation Manual**.

Category	Changes	GSPP (2023 & 2024)	FCCP (available July 2025)
Regions	DIFFERENT	Four regions, funds available by region	Four regions, funds available statewide
Priority Populations	DIFFERENT	Only sites in DAC/LIC/tribal lands are eligible	Sites in DAC/LIC/tribal lands receive priority processing
Site Readiness	DIFFERENT	Up to 4 tiers of readiness accepted	Must be Tier 1 “ready to build”
Eligible Site Type	SAME	18 eligible site types, defined in the GSPP-2 Implementation Manual	18 eligible site types, defined in the FCCP-1 Implementation Manual
Eligible Technology	SAME	High-speed DCFCs (150+ kW) on the Eligible Equipment Dashboard	High-speed DCFCs (150+ kW) on the Eligible Equipment Dashboard
Charging Port Min & Max	SAME	4 ports minimum, 20 ports maximum	4 ports minimum, 20 ports maximum
Per Port Incentive Cap	SAME	150 kW-274.99 kW: \$55K 275+ kW: \$100K	150 kW-274.99 kW: \$55K 275+ kW: \$100K
% of Project Costs Reimbursed	DIFFERENT	50% of eligible costs, up to per port incentive cap	100% of eligible costs, up to per port incentive cap
Stacking With Other Incentives	DIFFERENT	Allowed in most situations	Not allowed
Applicant Cap	DIFFERENT	None	No Incentive Recipient can have more than: <ul style="list-style-type: none"> • 35% of FCCP-1 funding • 50 active applications across CALeVIP 1.0, CALeVIP 2.0, and Communities in Charge
Applicant Processing	DIFFERENT	After application window, from most-ready to least-ready	First-come, first-served
Maintaining an Active Funding Reservation	DIFFERENT	Once funds are reserved, an applicant is required to: <ul style="list-style-type: none"> • Obtain a final utility service design, issued permit, and order equipment within 60 days • Complete projects and submit all final documentation within 450 days • Provide ongoing updates via the Construction Progress Tracker 	Once funds are reserved, an applicant is required to: <ul style="list-style-type: none"> • Order equipment within 90 days • Complete projects and submit all final documentation within 450 days • Provide monthly updates via the Construction Progress Tracker
