Best Practices

All scans or photos of supporting documents must be legible and include all pages and sections, unless otherwise specified.

Proof of Payment

All invoices are required to have proof of payment, such as a paid stamp, with a payment date by the invoicing business or organization.

Receipts, wire transfers or cashed checks with corresponding bank statements and a payment date may be used to supplement proof of payment.

Larger Construction Projects

For larger construction projects, work and associated costs pertaining to the EV charger project should be specifically listed and identified on all invoices.

Authorities Having Jurisdiction (AHJs)

AHJ applicants may alternatively submit other documents in lieu of the following:

REQUIRED	ALTERNATIVE
DESIGN INVOICE	AHJs with in-house design work may alternatively submit a description of design work on official AHJ letterhead supplemented by an invoice or other accounting document(s) clearly showing incurred design costs and the dates the costs were incurred. The installation site address must be listed.
PERMIT	A letter on official AHJ letterhead explaining the AHJ is a self-permitting agency and that a permit for the approved EV charger project at the installation site is not required. The installation site address must be listed.
INSTALLATION PURCHASE INVOICE	AHJs with in-house installation may alternatively submit a description of the installation work on official AHJ letterhead supplemented by an invoice or other accounting document(s) clearly showing incurred installation costs and the dates costs were incurred. The installation site address must be listed.
FINAL INSPECTION CARD	A letter on official AHJ letterhead explaining the AHJ is a self-permitting agency and that the approved EV charger project at the installation site is complete and in compliance with all municipal laws, rules, codes and regulations. The installation site address must be listed.

Site Verification Form

(Required for all applicants, regardless of site ownership)

- ✓ A completed Site Verification Form must have all fields filled out.
- ✓ Digital signatures must be manual and can include signing with a pen or cursor. Digital signature stamps without a manual signature are not accepted.
- ✓ Site Verification Form must be submitted within five (5) calendar days of application submittal or the application will be automatically cancelled.

South Central Coast Site Verification Form	BUILDING EV INFRASTRUCTURE
Energy (CSE) that the installation work is author Applicant. Accordingly, each Property Owner a	ts must submit proof to the satisfaction of the Center for Sustainable vized by the owner of the real property (Property Owner) and the ind Applicant must complete, sign and submit this form to CSE. CSE additional information from either the Property Owner or Applicant as
rebates for the purchase and installation of elig	notes easy access to zero-emission vehicle infrastructure by offering ible DC fast chargers and Level 2 chargers. Rebates of up to \$80,000 vector for Level 2 chargers are available. More information is available -coast.
All fields are required to be completed. This for application date or your application will be can	m must be submitted via the online portal within 5 calendar days of celled.

Pacific Gas and APPLICATION FOR SERVICE Electric Company COMMERICAL / INDUSTRIAL DEVELOPMENT
Credit Information (Party responsible for energy use after the meter is installed)
Name/Company Name to appear on bill Day Phone () *Evening Phone () (First Name, Middle Initial, Last Name) Individual Partnership Corporation Individual Partnership Corporation Limited Liability Corporation Governmental Agency Sole Proprietor Other Mailing address for bill City State Zip Does the customer currently have service with PG&E? No Yes "If yes, please provide the PG&E Account Number *Do you want the new service included on your existing bill? INo IYes "NAICS (North America Industrial Classification System) Code *Business Activity *Desired Electric Rate Schedule If you want additional information on rate options or want to request a free rate analysis, visit
http://www.pge.com/mybusiness/myaccount/rates/ or call 1-877-PGE-SRVC. If a rate schedule is not selected, PG&E will select an applicable rate schedule.
Applicant Design and Installation Options
As an applicant for new gas or electric service, you can choose either PG&E or a qualified contractor to design new gas/electric distribution and/or service facilities. You can also choose either PG&E or a qualified contractor to construct all or a portion of new gas/electric distribution and/or service facilities. PG&E will provide you with a bid for the design and the construction work, to assist you in making a selection. You will then have the opportunity to choose either a qualified contractor to perform the design/or construction work. In accordance with PG&E's filed tariffs, electric trenching, conduits, substructures and gas service trenching are the applicant's responsibility. Once you make a decision about who will perform the work, if you subsequently change your selection, you will be responsibility. Once you make a decision about who will perform the work, if you subsequently change your selection, you will be responsibility.
You should become familiar with the applicant design installation requirements, including PG&E's Applicant Design Guide and General Terms and Conditions, before you make your selection. For copies of these documents and/or for additional information, visit Document, Preliminary Statement Part A www.pge.com/newconstruction/processguide/step1/appdes.shtm/ or request information by calling 1-877- PGE-SRVC.
PG&E must provide project specific information to design contractors. PG&E can provide this information sooner if we know whether or not you are considering using a design contractor to design gas/electric distribution or service facilities.
Providing this information on this Application is voluntary and is not binding. PG&E will provide you with a bid for the design work regardless of whether or not you answer this question now and will not require a final decision from you until later in the process.
Are you currently planning to use a design contractor? Yes No

Two Photos of Installed and Operational Equipment

Equipment photos must include the following:

- ✓ Required project labeling is clearly visible. Contact project implementers for stickers.
- ✓ All installed EV charger(s) included in your application must be photographed. Photos may include more than one EV charger.
- ✓ A complete view of the front of the installed operational and accessible EV charger(s). Partial or incomplete views will not be accepted.

Photo of Equipment Serial Number

Serial number photo(s) must include the following:

- The complete equipment serial number for each EV charger included in your application. For example, if you applied for and installed 10 EV chargers, you are required to submit a total of 10 photos.
- \checkmark The serial number must be shown on the EV charger.

<complex-block>

Network Agreement with Minimum Term

A completed network agreement includes the following:

- ✓ Execution of the agreement including all required signatures
- ✓ All pages and sections of the agreement, including the full contract
- ✓ Term length the contract of your agreement may be supplemented by a paid invoice showing the term length
- ✓ The required term for Level 2 chargers is two years and the required term for DC fast chargers is five years
